

Our focus is on your future.

The A. Philip Randolph Health Science Academy provides students with rigorous academic training, complemented by real-world experiences in area hospitals, long-term care facilities, rehabilitation centers and other health care agencies. Students are prepared for a smooth transition into the workforce or post-secondary education.

Here, you can explore over 200 health care careers and get a greater understanding of the field. Arm yourself with the knowledge to make decisions about your future.

Training in the Health Science Academy gives you hands-on experiences in careers from each of the Health Career Clusters:

Therapeutic, Diagnostic, Health Informatics, Support Services and Biotechnology & Research.
